***WE WOULD SEE JESUS* by Roy and Revel Hession**

This follow-up to *The Calvary Road* shows how Christ is made real in us simply by coming to Him with our deep need fully and frankly acknowledged. Nothing that we ourselves can do or be will accomplish this and, in fact, will only stand in the way. Seeing Jesus, we are convicted of sin, broken, cleansed, filled with the Spirit, set free from bondage, revived, and fulfill God's purpose for our lives.
